

Expand your horizon.

Take a real leap forward into cruising luxury and style. The perfect equilibrium of power, smooth riding and design for comfort is characteristic for the FX Cruiser HO. The reimagined striking black and bronze colourway will make you stand out, whilst the heady blend of features will bring you unequalled performance and widen your riding horizon.

Add some cutting-edge cool to your cruise. From our unique, revolutionary RiDE® system and lightweight hull to the exclusive electronic control systems and the newest top-notch 4-stroke 1,898 cc engine, this super-powerful personal watercraft is packed with innovative technology and engineering.

The new seven inch touch screen Connex® display with Enhanced Drive Control gives you more options with Economy, Towing, Performance, Comfort, and Customisable drive modes. Attention to detail and sheer build quality add even more to the latest model. Enjoy performance and fun, together with the all-important rider comfort.

- Audio integrated with control via display
- Smartphone synchronisation capability
- High Output, 1,898 cc engine
- Luxurious two-piece, three-person tiered seat
- GPS chart plotter ready
- Revolutionary RiDE® system for intuitive control
- Longest, most comfortable hull in the range
- Seven inch display with Enhanced Drive Control Modes
- Easy access glovebox
- Unique four-step tilt-adjustable steering system

Expand your horizon.

Take a leap forward into cruising comfort and style with the FX Cruiser HO. The reimagined striking black and bronze colours will make you stand out, whilst the heady blend of powerful, High Output Yamaha engine, smooth-riding hull and revolutionary RiDE® control system will bring you unequalled performance and widen your riding horizon.

Feel the power of the 1,898 cc HO engine. Explore the agile, surefooted handling of the sleek hull design, coupled with a lightweight NanoXcel2® deck, the revolutionary level of intuitive control offered by our exclusive RiDE® system, as well as the ingenious electronic control systems and the enhanced display user interface.

Your journey of discovery continues as you explore the remarkable brand-new seven inch Connex® display with security and Enhanced Drive Control Modes, the adaptive trim system, and a host of other features: extended stern platform, adjustable steering tilt, three-person cruiser seat, pull-up cleats, and a Yamaha Music integrated audio system for ultimate sound clarity and quality at any speed. All this culminates in a world of cruising pleasure.

Aerodynamic shape

The capable hull of the FX Cruiser HO model cuts through the water, providing stability on any offshore adventure. Impressively rigid and strong, it gives these machines awesome on-water performance with stunning acceleration, a higher top speed, greater economy, and an even more comfortable ride. Pair this with a lightweight NanoXcel2® deck and you've got all you need for incredible adventures.

Luxury, comfort, footwell drainage and easier re-boarding

From four-step, tilt-adjustable steering to a luxury three-person cruiser seat; from practical handlebar tie points to a large swim platform with a deeper, wider, softer, more comfortable step and dual handles for re-boarding; the FX Cruiser HO really does have it all. It even has an industry-first footwell drainage system.

30% more storage for even bigger adventures

Yamaha Motor have designed 30% more easy-access storage into our FX models so your adventures can be longer and take you further. There are cleverly integrated, practical storage solutions all around: a very large watertight glovebox compartment, generous storage under the seats, at the bow and stern.

Complete control, minimal effort

Our sophisticated electronic control system will delight you with its 'intelligent' features. Use Cruise-Assist to set and maintain exact speeds, the three-position No Wake Mode to navigate through low-speed areas and electronic Reverse-Assist and T.D.E. (Thrust Directional Enhancement) for ultra-low speed manoeuvring and docking.

RiDE® system (Reverse with intuitive Deceleration Electronics)

The revolutionary RiDE® system transforms your riding pleasure, bringing a feeling of confidence to every rider at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate and pull the lever on the left grip to slow down or to reverse.

Take your adventure in a new direction

Go on bigger, better journeys as Cruise Assist allows you to go further in more comfort. Water skiers and wakeboarders will love the constant speed, delivered with minimal effort. No Wake Mode allows you to go anywhere, exploring hidden quiet coves or harbours with ease.

Engine

Engine type	4-stroke; 4-Cylinder; 1.9 Liter High Output
Supercharger	No
Displacement	1,898 cc
Pump Type	155 mm high-pressure pump
Fuel	Unleaded Regular Gasoline
Fuel capacity	70 litres
Oil capacity	2.6 litres

Dimensions

Length	3.58 m
Width	1.27 m
Height	1.2 m
Dry weight	380 kg

Features

Storage Capacity	168.3 litres
Rider capacity	1-3 people
