

VX Limited HO

Built for bigger days.

Whether towing, exploring or cruising, the VX Limited HO brings balance to every ride. With its 1.9 litre HO engine and intuitive RiDE handling, it's ready for bigger families and bolder weekends.

The 4.3" Connex display keeps you connected, while Cruise Assist and Reverse Assist Mode make it easy to manage speed and docking. It's advanced control without the learning curve.

Add in four pull-up cleats, a molded bow cooler, and under-hatch storage, and you've got a feature-packed WaveRunner that can do it all and bring everything with it.

- 1.9 litre High Output Yamaha engine
- Versatile VX platform
- 4.3-inch Connex screen with audio
- RiDE and Reverse Assist Mode
- VX Limited Accessory Package
- Cruiser two-piece seat
- Watertight glovebox with USB / 12 V
- Pull-up cleats and tow-ready design

All-around power meets adventure.

Meet Yamaha's most versatile Limited model. The VX Limited HO offers elevated power and control from the 1.9 litre HO engine, wrapped in a feature-rich design that suits families and adventure riders alike.

From Bluetooth connection and Cruise Assist to watertight USB glove box and multi-mount tech, this WaveRunner is engineered to entertain, store and explore. It's the sweet spot of fun, utility and tech.

Built on Yamaha's proven VX platform, this model adds serious performance making it the go-to ride for anyone who wants more power and more adventure on the water.

1.9 litre High Output engine

The latest 1898cc Yamaha Marine Engine delivers strong, smooth acceleration with impressive fuel efficiency. Ideal for towing, exploring and everyday high-output recreation.

Factory-installed audio system

Enjoy your playlist on the water with the VX Limited HO's integrated Bluetooth marine audio system, delivering clear sound and easy controls right from the handlebar or Connex screen.

4.3-inch multi-function colour display with fast access

Among its many talents, this clear and easy-to-read display helps you control and monitor all the systems onboard, using the fast-access buttons next to the unit. Top speed and acceleration limits can also be entered from here along with the PIN code-activated learning (L-Mode) and security settings. We put the latest technology to work for you.

RiDE® with Reverse Assist Mode

Yamaha's intuitive RiDE system gives you forward/reverse throttle control at your fingertips, with Reverse Assist Mode for smoother docking and tighter handling in close quarters.

Comfort-first seating

A two-piece Cruiser seat provides ergonomic support for long rides and easy reboarding. Ideal for families or riders switching between sport and leisure throughout the day.

Storage and onboard utility

Features include a molded cooler, water-resistant under-seat compartment, USB / 12 V watertight glovebox and four pull-up cleats for quick mooring, boarding or tying up tubes.
